

Evidence of increased impact of P.E. Premium spending from 2013/14 to 2014/15.

-Attainment has risen in all areas:

Year	% of Children Making At Least Expected Progress	% of Children Making Better Than Expected Progress
2013/2014	77%	13%
2014/2015	83%	38%

-Attendance at extra curricular sports clubs has risen across school:

-2013/2014: 29%

-2014/2015: 43%

-Increased participation in Sainsbury's School Games:

-2013/2014: 5 Events

-2014/2015: 9 Events

-Number of regular playleaders has risen from 20 to 25.

Additional Impact New To 2014/2015:

-Staff have expressed an increased confidence in teaching all areas of PE through using the new Val Sabin Scheme of Work.

-Improved coverage of all curriculum areas in PE lessons by using new Scheme of Work.

-Progression between year groups has improved across all strands of PE due to implementation of new Scheme of Work.

-Implementation and training on new initiatives (Skills 2 Play) has added to confidence in teaching and challenge and variety in games lessons.

-Additional activities funded for Sports and Health Week:

Healthy Cooking

Lacrosse

Street Dance

Basketball Sessions through link with DCC

-The implementation of the 'Bake and Burn' health initiative through our link with DCC where children and parents have had access to the gym and the cooking facilities at DCC to learn more about exercise and healthy eating.

-Use of PE premium money to provide transport to events to increase chances for competitive opportunities for the children.

-Additional training opportunities for staff.

-Specialist PE teachers from DCC have provided support in planning and delivery of sessions across school.

-Purchase of a PE i-pad has enabled teachers to improve evaluation of sessions for themselves and the children. It has also enabled staff to provide cross curricular approaches for PE by blogging / tweeting etc.
