

## **Resourcing and Equipment**

Some of the Sport Premium money has also been spent on the following resources and equipment throughout the academic year:

- Various items of games equipment to enable greater individual and team skills work across a range of sports.
- A new scheme of work (Val Sabin scheme) across the entire school to ensure quality of teaching and learning and progression between classes.
- A P.E. i-pad. This allows children to improve when evaluating their own performance as well as encouraging cross-curricular learning within PE.
- Extra kit for children to wear when representing the school.
